

## HOME, SWEET HOME BASKETS

Help a formerly homeless young person ages 18-24, or family move into an apartment. When our youth and families come to us, they often come with only a grocery bag full of possessions. They have renewed hope with their new housing, but are walking into an empty apartment with no income to buy household supplies. **Thirty percent of whatever income the client has – usually less than \$750 - must be paid out in rent.** This leaves very little money left for food and basic needs – about \$17 per day.

*Home, Sweet Home* baskets make them feel welcome and demonstrates that others care!

### These *New* Items Are Needed
